¹ This balance transfer offer is for consumer credit cards only.

² A Member Service Representative may need to call and verify that all information entered is correct. Please provide a time range that you are available during normal business hours.

³ You authorize People First Federal Credit Union to process the payments indicated on the Balance Transfer request form to the credit cards/charges/loans by means of a cash advance charged to your People First Visa Platinum credit card. Cash advances are always subject to finance charges from the date they are posted to your account to the date they are paid in full. The transfer of the payment will result in the balance being reduced on the other account. If you receive a statement while transfers are being processed, pay the minimum amount to avoid late notices and charges. People First cannot assume responsibility for any late payments, finance charges or disputed amount on your other accounts. The account that we will make payment to will not be closed, even if we transfer an amount to pay the entire balance. You must contact your creditors to close your accounts. The credit line available on your People First Visa Platinum credit card will be reduced by the amount of the balance transfer(s). If the total amount you request exceeds your credit line, we may either send full or partial payment to your creditors in the order you provide them to us. People First will not authorize any amount that will exceed your available credit line on the day the balance transfer is processed. You may call toll free 1.800.237.6211 for balance inquiries. Refer to your credit card agreement for complete terms and conditions. People First Credit Union loans are not eligible for this balance transfer offer.
